REQUEST FOR CERTIFICATE OF CORRECTION
APPLICANTS' MISTAKE (37 CFR §1.323)

Sir:

Enclosed is a completed Certificate of Correction form which corrects a failure on behalf of Applicants to make reference to a prior co-pending application pursuant to 37 CFR 1.78(a)(2). Pursuant to MPEP §1481.03, it is submitted that the following conditions have been satisfied:

(a) all requirements set forth in 37 CFR 1.78(a)(1) have been met in the present application which became the patent to be corrected;

(b) it is clear from the record of the patent and the parent application(s) that priority is appropriate. The present patent (U.S. Patent No. 7,457,780) was based on application serial no. 10/799,653 which was a continuation of application serial no. 09/618,552 filed on July 17, 2000. Application serial no. 09/618,552 was a continuation of application serial no. 09/244,050 filed on February 4, 1999 (now U.S. Patent No. 6,263,318 and claimed priority to Japanese Application 10-025356 filed on February 6, 1998. As indicated on the face of U.S. Patent No. 7,457,780, the continuity data regarding application serial no. 09/618,552 is indicated along with the Japanese Application 10-025356, but application serial no. 09/244,050 is not mentioned. However, it is clear from this record that application serial no. 09/244,050 was inadvertently not mentioned as reliance upon that application is necessary in order to properly claim priority to Japanese Application 10-025356. In addition, the declaration refers to an attached specification, which corresponds to the application bearing serial no 09/244,050; and

(c) a grantful petition to accept an unintentionally delayed claim for the benefit of the prior application accompanies this request including a surcharge as set forth in 37 CFR 1.17(t).

Therefore, it is submitted that this request for certificate of correction be granted.

Since the Certificate of Correction is necessitated by a mistake on the part of the Applicants, in accordance with 37 CFR §1.20(a) our Credit Card Payment

The Director of the U.S. Patent and Trademark Office is hereby authorized to charge additional payment due or to credit any overpayment, to Deposit Account No. 50-1417.
